## ACCESSORIES

### LEATHER FIREFIGHTER'S GLOVES

- Compliance - EN 659:2008 and EN 420
- Specially designed for Fire-fighters
- Black / Brown cow split shell with reinforcement on palm and thumb
- Yellow Kevlar fabric liner
- Flame resistant moisture barrier
- Yellow Kevlar wristlet and Yellow Kevlar stitches
- Can offer the protective performance of
  - Fire-resistance
  - Waterproof
  - Breathable
  - Abrasion-resistance
  - Thermal-Insulation

### FABRIC FIREFIGHTER'S GLOVE

- Compliance - EN 659:2008 and EN 420
- Made out of multiple layers.
- Available with optional Porelle Membrane.

## ACCESSORIES

## ACCESSORIES

### FIREFIGHTER'S HELMET

**Compliance** : CE EN443, NFPA1971

**Features** : Flame-Retardant Shell, Interior Basket, Chin Strap

**Performance** : Puncture Resist

Retractable PC face protector

Neck protection

Reflective And Luminescent stripes

Adjusting head

Possible wearing of the protective mask under visor

Easy to operate and Spare parts available

### BALACLAVA HOOD

**Compliance** : EN 13911

**Features** : Inherently FR Fabric

### FIREFIGHTER'S BOOT

**Standards** : EN ISO 20345 , EN 15090 F2I

**Size Range** : UK 4-14, EU 38-50, US 5-15

**Material** : Heat & Flame resistant rubber

# Eco Face Shield

ANTI-SPLASH / ANTI-DUST / ANTI-BACTERIAL

## Contents:

- (Polyethylene Terephthalate) PET shield
- Frame for shield

## How to use:

- Open up the pack hold ring and insert the ring to the holes from any side.

## Economical Product Features:

- Complete Face Protection
- Anti Fog Ana Anti Statics
- Comfortable and Adjustable
- Fits for All
- Humanized Protective Cover

## Important Notice:

Tear both protective films off before use the shield.

## What is Product

DAA Safety - ECO Face Shield Protector is an excellent protection against Potential contamination from blood pathogens, body fluids, saliva droplets of an affected person or harmful chemical splash. It also acts as an additional cover for your mask.

## Users

- Doctor Health Care Workers
- Police / Traffic / Security Force
- Company Employee • Bank Staff
- Shopkeepers • Hotel & Restaurant
- Vegetable & Fruits Vendors
- Students & Teachers
- Delivery Personnel

# FACE MASK

# Rodent Machine

**24x7**

**Protects control panel & sensitive machine wiring**

Machine panels of CNCs / Assembly line / Standalone machines  
Instrument panels of Hospitals & Clinics, Laboratory & Testing Also  
Aircraft / Airport related machinery / Transport / Food trucks Other  
enclosures (<300 sq ft) / cabinets of  
ATMs, Vending machines, servers,  
server rooms, Car parking, False  
ceilings, Textile, Medical store, Go  
downs,

## Why Ultrasound?

Ultrasound is a spectrum of sound which starts just above human hearing (20Hz to 20 kHz) range. Rats/bats/dolphins have the ability to detect ultrasound with varying frequency ranges. Rats use ultrasound for communication (distress signaling/mating calls) and to a certain extent echo location. Machine is installed inside the panel enclosure. It continuously bombards ultrasound waves with unique patterns which disturb and disorient rats. In human equivalent terms it would perhaps sound like a very loud unbearable continuous screeching siren. The advanced micro-controlled automatic frequency technology ensures the rat does not get accustomed or immune to the wave pattern.

## Advantages of Ultrasonic Rat & Rodent Repellent

- It will not affect pets like cats, dogs, fish or birds.
- Not Harmful to human
- Effective against Rats, Mice and Rodents.
- Keep environment clean and safe.
- Repellent is eco-friendly, as not use of any harmful Chemicals.
- No mess of removing the dead rats / mice
- Power saver mode. Very less consumption of electricity.
- Units plug into standard 230V AC outlets.
- Does not interfere with electrical appliances

## Rat Control System

Specifications:

- Voltage : 230V plug and play
- Working : 24 X 7
- Size : 1 Feet length
- Thickness : 0.4 feet
- Body : Coated Metal Iron
- Frequency : 20khz to 25khz for rat only
- Coverage : it's cover 42 types of rats mouse and rodents.
- Warranty : 1 year
- System life : 10 years
